MyFastMeet

My Fast Meet, is a video application and software that brings people together over the internet. My Fast Meet software includes a form of video conferencing, as well as tools like chat, reactions, and screen sharing.

If there's any meeting and event, businesses today know to be true, it's that making connections in-person is a powerful thing. But for a variety of reasons, it's not always easy or achievable to bring people together in the same space. It's why [virtual and hybrid events](#) have become increasingly popular in recent years, and for good reason. My Fast Meet virtual events not only help businesses expand their audience and promote inclusivity, but they can be an effective way to increase revenue and track key data about your audience.

MyFastMeet | Features

- **Better Video Quality on low bandwidth**

My Fast Meet is designed to be the most efficient platform in the industry. It channels the best output at the lowest possible internet consumption.

- **Supports 350 Participants**

My Fast Meet, supports a total of 350 participants, making it one of the biggest virtual meetings forums.

- **Simple Meeting Scheduling**

My Fast Meet has been designed with an objective at its core, **User Friendly**. The interface, design language incorporated and features included have been curated with an ease-of-use mindset, for the ultimate user to be comfortable and confident.
